

BEYOND BUILT INTERNSHIP PROGRAM

Apply now for the BBPL Internship program 2017-18!

If you are an enthusiastic student/young graduate in pursuit of an opportunity to make your mark in the ever-evolving field of built and un-built environment, then you are looking in the right place! We are Landscape Architects, Heritage Conservation experts and Ecological Planning consultants. We also write, publish, present and collaborate across disciplines.

At Beyond Built, we value ethics ...we like to engage in networks and participate in campaigns that make our communities, our cities and our world better and stronger. We are also hard workers! Research, design, detailing, documentation and site work – all form a part of what we do. We are proud of the culture that we promote here, which celebrates people being people. We are an evolving team of 15 employees and are currently scouting for new talent in the fields of design and landscape!

So yes, we think we are a pretty dynamic team to intern with!

If you think you're ready to work alongside a diverse group of architecture, design and technology professionals who put their whole selves to the work at hand, please read on!

About Our Internship Program

Beyond Built Pvt. Ltd is currently in search of **INTERNS** to join our team of energetic self-starters in Delhi.

We are seeking interns for:-

-  Architecture
-  Civil Engineering
-  Graphic Design
-  Landscape Architecture
-  Planning & Urban Design
-  Conservation Architecture

or Anyone from any discipline passionate about what we do !

As Intern, you will assist our Landscape Architects, Architects and Conservation Team in all technical capacity while gaining practical professional experience. You will be encouraged to develop your design skills while supporting the design team with site studies, conceptual design, detailed design, project presentation graphics, onsite layouts, and estimation.

You can be part of Collaborations and Events with other firms and organisations during this period. You may even be selected for a site-visit to one of our project locations.
